Objectives. The aim of this study was to generate a theory about the general patterns of behaviour that are discovered when clinical nurses attempt to integrate evidence-based practice into their daily work. Strategic management involves the formulation and implementation of the major goals and initiatives taken by a company’s top management on behalf of owners based on consideration of resources and an assessment of the internal and external environments in which the organization competes. Strategy is defined as the determination of the basic long term goals of an enterprise and the adoption “Keeping on track”—Hospital nurses’ struggles with Objectives.
